KEYNOTE SPEAKER: *Afira DeVries*

Afira DeVries serves as president and CEO for United Way of Roanoke Valley. Her visionary style and extensive development experience contribute to the strategic direction and credibility of the organization, having generated more than a quarter billion dollars in support of social innovation over the course of her career.

DeVries's education is in public policy and political theory and, after a short lived pursuit of a political career, she realized that her idealistic nature was better suited to the not-for-profit sector. She joined United Way Central Massachusetts as a development officer in 1998 and has since assumed advancing positions with United Way's of Greater Los Angeles, Silicon Valley, United Way Suncoast in Tampa Bay, and her current organization.

DeVries serves as an engaged leader within the United Way system and is viewed as an expert resource and mentor to fundraisers across the country. She is a product development trainer for United Way Worldwide, serves on the Executive Resource Development Committee, and provides consultative sales training for United Way's seeking to evolve as a more relational fundraising model.

She is frequently called upon to serve as a presenter and guest speaker on a wide range of subjects both locally and nationally, within and beyond the United Way system. She has been featured in *San Jose Magazine* and was recognized as one of Tampa Bay's Under 40 "Up and Comer's" award recipients by the *Tampa Bay Business Journal* in 2011. Additionally, DeVries was honored by the *Tampa Bay Business Journal* as a "Business Woman of the Year" finalist in 2014. She earned her educational credentials at Averett University in Danville, VA, and Cornell University. She and her husband Jason live with their two daughters, Ava and Amora, and their dogs, Vito and Luca, in Roanoke.
